Very honoured to be one of the top 25 under 25 by TLA! Also congratulations to my peers. Its great to be one of the contributors through my work at future bricks to the campaign - Road to One million!

It's a real honour to be included on this list as a TLA 25 Under 25, especially as a woman coming from a non-technical background. I owe a huge amount to both The New Entrepreneurs Foundation and Unmind - a digital mental health startup where I work as Growth & Engagement Lead - for their constant support.

SARAH MARGESTON

Being part of this cohort of amazing and diverse entrepreneurs has given us all a support group we didn't have a week ago. It's exciting that we are going to be able to grow together and watch as we each change our industry for the better.

I've been building WeGym, my personal training startup since I was 21 and it's exciting to be recognised as one of London's future tech talent. I've always lived by the mantra that you should "surround yourself with people who will make you more ambitious" and I feel bringing together some of London's smartest young minds only amplifies this!

JOSHUA UWADIAE

It was an honour to be selected as one of TLA's 25 Under 25 and to represent an ambitious group of young people in London. The opportunities in London become more exciting every day, and I'm looking forward to helping shape it's future alongside my generation.
